("**Euroclear**").

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfill its obligations under the Notes. Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with the Notes are also described below. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

The following are certain risk factors relating to the Issuer and the Notes of which prospective investors should be aware. Prior to making an investment decision, prospective investors should consider carefully all the information set out and incorporated by reference in this Prospectus, including in particular the risk factors detailed below, and consult with their own financial and legal advisors as to the risks entailed by an investment in the Notes. The following statements are not exhaustive and there may be other risks, either wholly or partly unknown or of which the occurrence is not considered as at the date hereof to be likely to have a material adverse effect on the Issuer, its operations, its financial situation and/or its results, which could have an effect on the Issuer's ability to fulfill its obligations under the Notes. In addition, investors should be aware that the risks described may be combined and thus interrelated with one another. Prospective investors should make their own independent evaluations of all investment considerations and should also read the detailed information set out elsewhere in this Prospectus. Terms defined in the section "Terms and Conditions of the Notes" of this Prospectus shall have the same meaning where used below.

The order in which the following risk factors are presented is not an indication of the likelihood of their occurrence.

1. Risks relating to the Issuer

Risks factors linked to the Issuer and its activity are described in pages 20 to 26 of the 2016 Registration Document which is incorporated by reference herein, and include the following:

- external risks (including risks related to the country, economic situation, competitive environment and raw material);
- risks inherent to operations (including risks related to sold products, the seasonality of business, external growth, customer, human resources management, information systems fraud and corruption, image and reputational, dependence on suppliers);
- industrial and environmental risks (including risks related to production and supply chain-related risks, employee health and safety, climate change);
- legal risks related to intellectual property and changes in tax regulation; and
- financial market risks (including risk related to impairment of intangible assets, liquidity and counterparty risks, currency risks, interest rate risks and risks relating to the shares);

2. Risks relating to the Notes

(a) Investors

Each potential investor in the Notes must determine the suitability of that investment in light of such investor's own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus;

- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes;
- (iv) understand thoroughly the terms of the Notes; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the relevant risks.

Some potential investors are subject to restricting investment regulations. These potential investors should consult their legal counsel in order to determine whether investment in the Notes is authorised by law, whether such investment is compatible with their other borrowings and whether other selling restrictions are applicable to them. Financial institutions should consult their legal counsel or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

(b) *Risks relating to the Notes generally*

The Notes may be redeemed prior to maturity

In the event that the Issuer would be obliged to pay additional amounts in respect of any Notes due to any withholding as provided in "*Terms and Conditions of the Notes - Taxation*", the Issuer may and, in certain circumstances shall, redeem all of the Notes then outstanding in accordance with such Condition.

The Terms and Conditions of the Notes also provide that the Notes are redeemable at the option of the Issuer in certain other circumstances (see "*Terms and Conditions of the Notes - Make-whole redemption option*", "*Terms and Conditions of the Notes - Pre-maturity call option*" and "*Terms and Conditions of the Notes - Clean up call option*") and, accordingly, the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low.

Any early redemption of the Notes may result, for the Noteholders, in a yield that is considerably lower than anticipated. In addition, investors may not be able to reinvest the moneys they receive upon such early redemption in securities with the same yield as the redeemed Notes.

In particular, with respect to the Clean up call option, there is no obligation on the Issuer to inform investors if and when 80% of the initial aggregate principal amount of the Notes outstanding have been, or are about to be, purchased or redeemed, and the Issuer's right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of the Clean up call option, the Notes may have been trading significantly above par, thus potentially resulting in a loss of capital invested.

In any of the circumstances detailed above, an investor may not be able to reinvest the redemption proceeds in comparable securities at an effective interest rate as high as that of the Notes.

Change of Control

In the event of a Change of Control of the Issuer (as more fully described in "*Terms and Conditions of the Notes - Change of Control*"), each Noteholder will have the right to request the Issuer to redeem all or part of its Notes at their principal amount together with any accrued interest thereon. In such case, any trading market in respect of those Notes in respect of which such redemption right is not exercised may become illiquid. In addition, investors may not be able to reinvest the moneys they receive upon such early redemption in securities with the same yield as the redeemed Notes.

Exercise of the Make-whole redemption option by the Issuer in respect of certain Notes only may affect the liquidity of the Notes in respect of which such option is not exercised

The Issuer has the option to partially exercise the Make-whole redemption option. Depending on the number of Notes in respect of which such option is not exercised, any trading market in respect of these Notes may become illiquid. In addition, investors may only be able to reinvest the moneys they receive upon such early redemption in securities with a lower yield than the redeemed Notes.

Modification of the Terms and Conditions of the Notes

Noteholders will be grouped automatically for the defence of their common interests in a *Masse*, as defined in "*Terms and Conditions of the Notes - Representation of the Noteholders*", and a general meeting of Noteholders can be held. The Terms and Conditions of the Notes permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant general meeting and Noteholders who voted in a manner contrary to the majority.

The general meeting of Noteholders may, subject to the provisions set out in "*Terms and Conditions of the Notes - Representation of the Noteholders*", deliberate on any proposal relating to the modification of the Terms and Conditions of the Notes, notably on any proposal, whether for arbitration or settlement, relating to rights in controversy or which were subject of judicial decisions.

Potential conflict of interest

Certain of the Joint Lead Managers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer, the Group and their affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Joint Lead Managers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or other entities of the Group. Certain of the Joint Lead Managers or their affiliates that have a lending relationship with the Issuer or other entities of the Group routinely hedge their credit exposure to the Issuer or, as the case may be, such other entities of the Group consistent with their customary risk management policies. Typically, such Joint Lead Managers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued. Any such short positions could adversely affect future trading prices of Notes issued. The Joint Lead Managers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire.

Credit Risk of the Issuer

The Noteholders are exposed to the credit risk of the Issuer. Credit risk refers to the risk that the Issuer may be unable to meet its financial obligations under the Notes. If the credit worthiness of the Issuer deteriorates, the value of the Notes may decrease and investors may lose all or part of their investment.

Absence of rating

Neither the Notes nor the long term debt of the Issuer are rated. One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A rating or the absence of a rating is not a recommendation to buy, sell or hold securities.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or

documentary charges or duties in accordance with the laws and practices of the jurisdiction where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for the Notes. Potential investors are advised not to rely upon the tax summary contained in this Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, disposal and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Prospectus.

The proposed financial transactions tax (FTT)

On February 2013, the European Commission has published a proposal for a directive (the “**Commission’s Proposal**”) for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**Participating Member States**”).

In March 2016, Estonia officially indicated that it will no longer be a Participating Member State.

The Commission’s Proposal has very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution established in a Participating Member State, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, “established” in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

The Commission’s Proposal remains subject to negotiation between the Participating Member States. Additional EU Member States may decide to participate. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

French Insolvency Law

Under French insolvency law, notwithstanding any clause to the contrary, holders of debt securities (*obligations*) are automatically grouped into a single assembly of holders (the “**Assembly**”) in order to defend their common interests if a safeguard procedure (*procédure de sauvegarde*), an accelerated safeguard procedure (*procédure de sauvegarde accélérée*), an accelerated financial safeguard procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities (*obligations*) issued by the Issuer (including the Notes), regardless of their governing law.

The Assembly deliberates on the draft preservation plan (*projet de plan de sauvegarde*), draft accelerated preservation plan (*projet de plan de sauvegarde accélérée*), draft accelerated financial preservation plan (*projet de plan de sauvegarde financière accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of such holders of debt securities (including the Noteholders) by rescheduling and/or writing-off debts;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-third (2/3rd) majority (calculated as a proportion of the debt securities held by the holders attending such Assembly or represented thereat). No quorum is required to hold the Assembly. Holders whose rights are not modified by the proposed plan do not participate in the vote.

For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in the Terms and Conditions of the Notes set out in this Prospectus will not be applicable to the extent they conflict with compulsory insolvency law provisions that apply in these circumstances.

Change of law

The Terms and Conditions of the Notes are based on French law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial or administrative decision or change to French law or administrative practice after the date of this Prospectus.

(c) Risks relating to the market generally

Market value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including market interest and yield rates.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchange on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

No active secondary market for the Notes

An investment in the Notes should be considered primarily with a view to holding them until their maturity. Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that provide them with a yield comparable to similar investments that have a developed secondary market. Illiquidity may have an adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than euro. These include the risk that exchange rates may significantly change (including changes due to devaluation of euro or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Euro would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

The Notes bearing interest at a fixed rate, investment in the Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Notes.

The terms and conditions of the Notes (the "**Conditions**"), subject to completion and amendment, will be as follows:

The issue outside France of the € 500,000,000 1.50 per cent. Notes due 31 May 2024 (the "**Notes**") by SEB (the "**Issuer**") was decided by Mr. Thierry de La Tour d'Artaise, Chairman of the Board of Directors and Chief Executive Officer (*Président Directeur Général*) of the Issuer on 22 May 2017, acting pursuant to a resolution of the Board of Directors (*Conseil d'administration*) of the Issuer dated 26 April 2017.

The Notes are issued subject to, and with the benefit of, a fiscal agency agreement to be dated 29 May 2017 (the "**Fiscal Agency Agreement**") between the Issuer and Société Générale as fiscal agent, paying agent, calculation agent and put agent (the "**Fiscal Agent**", the "**Paying Agent**", the "**Calculation Agent**" and the "**Put Agent**" which expressions shall, where the context so admits, include any successor for the time being as fiscal agent, paying agent, calculation agent or put agent). Certain statements in these Conditions are summaries of, and are subject to, the detailed provisions of the Fiscal Agency Agreement, copies of which are available, without charge, for inspection during normal business hours at the specified offices of the Paying Agents. References below to "**Conditions**" are, unless the context otherwise requires, to the numbered paragraphs below. In these Conditions, "**holder of Notes**", "**holder of any Note**" or "**Noteholder**" means the person whose name appears in the account of the relevant Account Holder (as defined below) as being entitled to such Notes.

2. Status

The principal and interest in respect of the Notes constitute direct, unconditional, unsecured and unsubordinated obligations of the Issuer and rank and will at all times rank *pari passu* without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsecured and unsubordinated obligations of the Issuer.

3. Negative Pledge

So long as any of the Notes remains outstanding, the Issuer will not create or permit to subsist and will ensure that none of its Material Subsidiaries (as defined below) will create or permit to subsist any mortgage, charge, pledge or other security interest upon any of its assets, revenues or rights, present or future, to secure any Relevant Indebtedness (as defined below) incurred by the Issuer or any of its Material Subsidiaries, or any guarantee or indemnity in respect of any Relevant Indebtedness (whether before or after the issue of the Notes) unless, at the same time or prior thereto, the Issuer's obligations under the Notes are equally and

4. Interest

(a) Interest Payment Dates

The Notes bear interest from, and including, 31 May 2017 (the "**Issue Date**") to, but excluding, 31 May 2024 (the "**Maturity Date**") at the rate of 1.50 per cent. *per annum* payable annually in arrear on 31 May in each year (each an "**Interest Payment Date**"). The first payment of interest will be made on 31 May 2018 for the period from, and including, the Issue Date to, but excluding, 31 May 2018.

(b) Interest Payments

Each Note will cease to bear interest from the due date for redemption, unless payment of principal is improperly withheld or refused on such date. In such event, interest on such Note shall continue to accrue at the rate of 1.50 per cent. *per annum* (both before and after judgment) until the day (included) on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant holder.

If interest is required to be calculated for a period of less than one year, it will be calculated on an actual/actual basis for each period, that is to say the actual number of days elapsed during the relevant period divided by 365 (or by 366 if a February 29 is included in such period), the result being rounded to the nearest cent (half a cent being rounded upwards).

5. Redemption and Purchase

The Notes may not be redeemed otherwise than in accordance with this Condition 5, Condition 8 or Condition 9.

(a) Final Redemption

Unless previously redeemed or purchased and cancelled, the Notes will be redeemed by the Issuer at their principal amount on the Maturity Date.

(b) Redemption for Taxation Reasons

- (i) If, by reason of a change in any law or regulation of France, or any change in the official application or interpretation of such law or regulation, becoming effective after the Issue Date, the Issuer would, on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts (whether in respect of some of, or all, the Notes) as specified in Condition 7, the Issuer may at its sole discretion, at any time, subject to having given not more than 60 nor less than 30 calendar days' prior notice to the Noteholders in accordance with Condition 12 (which notice shall be irrevocable), redeem all, but not some only, of the Notes outstanding at their principal amount, together with all interest accrued to the date fixed for redemption, provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal or interest without withholding for French taxes.
- (ii) If the Issuer would on the next payment of principal or interest in respect of the Notes be prevented by French law from making payment to the Noteholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 7, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall, subject to having given not less than seven calendar days' prior notice to the Noteholders in accordance with Condition 12 (which notice shall be irrevocable), redeem all, but not some only, of the Notes at their principal amount, together with all interest accrued to the date fixed for redemption of which notice hereunder may be given, provided that the due date for redemption shall be no earlier than the latest practicable date on which the Issuer could make payment of the full amount of principal or interest payable in respect of the Notes or, if such date has passed, as soon as practicable thereafter.

(c) **Make-whole redemption option**

The Issuer may, having given not less than thirty (30) nor more than sixty (60) calendar days' notice to the Noteholders in accordance with Condition 12 (a "**Make-whole Redemption Notice**"), which notice shall be irrevocable and shall specify the date fixed for redemption (each such date, a "**Make-whole Redemption Date**"), redeem the Notes then outstanding, in whole or in part, at any time prior to the Maturity Date at their relevant Make-whole Redemption Amount (the "**Make-whole Redemption Option**"). All Notes in respect of which any Make-whole Redemption Notice is given shall be redeemed on the relevant Make-whole Redemption Date in accordance with this Condition.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent (in the absence of wilful default, bad faith or manifest error) shall be final and binding upon all parties. The Calculation Agent shall act as an independent expert and not as agent for the Issuer or the Noteholders.

For the purposes of this Condition:

"Benchmark Rate" means the average of the three quotations given by the Reference Dealers on the Calculation Date at 11.00 a.m. (Central European time (CET)) of the mid-market annual yield to maturity of the Federal Government Bund of Bundesrepublik Deutschland bearing interest at a rate of 1.50 per cent. *per annum* and maturing May 2024, with ISIN DE0001102358 (the "**Reference Note**"). If the Reference Note is no longer outstanding, a Similar Security will be chosen by the Calculation Agent at 11.00 a.m. (Central European time (CET)) on the Calculation Date, quoted in writing by the Calculation Agent to the Issuer and published in accordance with Condition 12. The Benchmark Rate will be published on the Calculation Date by the Issuer in accordance with Condition 12.

"Calculation Date" means the third Business Day (as defined in Condition 6(b)) prior to the Make-whole Redemption Date.

"Make-whole Margin" means + 0.25 per cent. *per annum*.

"Make-whole Redemption Amount" means, with respect to each Note, an amount denominated in Euros rounded to the nearest cent (half a cent being rounded upwards), determined by the Calculation Agent and equal to the sum of:

- (i) the greater of (x) 100 per cent. of the principal amount of the Notes so redeemed and (y) the sum of the then present values as at the Make-whole Redemption Date of the remaining scheduled payments of principal and interest on such Note for the remaining term of such Note (determined on the basis of the interest rate applicable on such Note (excluding any interest accruing on such Note to, but excluding, the Make-whole Redemption Date)) discounted from the Maturity Date to the Make-whole Redemption Date on the basis Actual/Actual (ICMA) at a rate equal to the Make-whole Redemption Rate; and
- (ii) any interest accrued but not paid on such Note to, but excluding, the Make-whole Redemption Date.

"Make-whole Redemption Rate" means the sum, as calculated by the Calculation Agent, of the Benchmark Rate and the Make-whole Margin.

"Reference Dealers" means each of the three (3) banks selected by the Calculation Agent which are primary European government security dealers or market makers in pricing corporate bond issues.

"Similar Security" means a reference bond or reference bonds issued by the issuer of the Reference Note having an actual or interpolated maturity comparable with the remaining term of the Notes that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

In the case of a partial redemption, the redemption will be effected by reducing the principal amount of all such Notes in proportion to the aggregate principal amount redeemed subject to compliance with any applicable laws and regulated market or stock exchange requirements.

For the avoidance of doubt, the principal amount of each Note and the aggregate principal amount of the Notes shall mean, following any partial redemption of the Notes pursuant to this Condition 5(c), the remaining outstanding principal amount of each Note and the remaining outstanding aggregate principal amount of the Notes for the purpose of the Conditions.

So long as the Notes are admitted to trading on Euronext Paris and the rules of that stock exchange so require, the Issuer shall, each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the *Autorité des marchés financiers*, a notice specifying the aggregate principal amount of Notes outstanding.

(d) *Clean up call option*

In the event that at least 80% of the initial aggregate principal amount of the Notes has been purchased or redeemed and cancelled by the Issuer, the Issuer may, at its option, but subject to having given not less than thirty (30) nor more than sixty (60) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 12, redeem the Notes then outstanding, in whole but not in part at their principal amount together with any accrued interest thereon to but excluding the date fixed for redemption.

(e) *Pre-maturity call option*

The Issuer may, at its option, from and including 29 February 2024 to but excluding the Maturity Date, having given not less than thirty (30) nor more than sixty (60) calendar days' notice to the Noteholders in accordance with Condition 12 (which notice shall be irrevocable), redeem the Notes then outstanding, in whole but not in part, at their principal amount together with any accrued interest thereon to but excluding the date fixed for redemption.

(f) *Purchases*

The Issuer may at any time purchase Notes in the open market or otherwise (including by way of tender or exchange offer) at any price. Notes so purchased by the Issuer may be held and resold in accordance with Articles L.213-0-1 (formerly Article L.213-1-A) and D.213-1-A of the French *Code monétaire et financier* for the purpose of enhancing the liquidity of the Notes.

(g) *Cancellation*

All Notes which are redeemed or purchased for cancellation by the Issuer pursuant to this Condition 5 will forthwith be cancelled (together with rights to interest any other amounts relating thereto) by transfer to an account in accordance with the rules and procedures of Euroclear France.

Any Notes so cancelled may not be resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

6. *Payments*

(a) *Method of Payment*

Payments of principal, interest and other amounts in respect of the Notes will be made in euro, by credit or transfer to an account denominated in euro (or any other account to which euro may be credited or transferred) specified by the payee with a bank in a city in which banks use the TARGET System (as defined in paragraph (b) below). Such payments shall be made for the benefit of the Noteholders to the Account Holders and all payments made to such Account Holders in favour of Noteholders will be an effective discharge of the Issuer and the Fiscal Agent, as the case may be, in respect of such payment.

Payments of principal, interest and other amounts in respect of the Notes will be made subject to any fiscal or other laws and regulations applicable thereto, but without prejudice to the provisions described in Condition 7. No commission or expenses shall be charged to the Noteholders in respect of such payments.

(b) *Payments on Business Days*

If any due date for payment of principal, interest or any other amount in respect of any Note is not a Business Day (as defined below), then the Noteholder shall not be entitled to payment of the amount due until the next following day which is a Business Day and the Noteholder shall not be entitled to any interest or other additional sums in respect of such postponed payment.

For the purposes of these Conditions, "**Business Day**" means any day, not being a Saturday or a Sunday, (i) on which foreign exchange markets and commercial banks are open for business in Paris (ii) on which Euroclear France is operating and (iii) on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (known as TARGET2) system (the "**TARGET System**") or any successor thereto is operating.

(c) *Fiscal Agent, Paying Agent, Calculation Agent and Put Agent*

The name and specified office of the initial Fiscal Agent, initial Paying Agent, Calculation Agent and initial Put Agent are as follows:

Fiscal Agent, Paying Agent, Calculation Agent and Put Agent

The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, the Paying Agent, the Calculation Agent or Put Agent and/or appoint a substitute Fiscal Agent, Calculation Agent or Put Agent and additional or other Paying Agents or approve any change in the office through which the Fiscal Agent, Calculation Agent, Put Agent or Paying Agent acts, provided that, so long as any Note is outstanding, there will at all times be (i) a Fiscal Agent having a specified office in a major European city and (ii) so long as the Notes are listed on the regulated market of Euronext Paris ("**Euronext Paris**") and the rules of that exchange so require, a Paying Agent ensuring financial services in France (which may be the Fiscal Agent). Any termination or appointment shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not more than 45 nor less than 30 calendar days' notice thereof shall have been given to the Noteholders by the Issuer in accordance with Condition 12.

7. Taxation

(a) *Withholding Tax Exemption*

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed ("**Taxes**"), levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) *Additional Amounts*

If, pursuant to French laws or regulations, payments of principal or interest in respect of any Note become subject to deduction or withholding in respect of any present or future Taxes imposed by or on behalf of France or any political subdivision or authority therein or thereof having power to tax, the Issuer shall, to the fullest extent then permitted by law, pay such additional amounts as may be necessary in order that the holder of each Note, after such deduction or withholding, will receive the full amount then due and payable

thereon in the absence of such withholding; provided, however, that the Issuer shall not be liable to pay any such additional amounts in respect of any Note to, or to a third party on behalf of, a Noteholder who is liable to such Taxes in respect of such Note by reason of his having some connection with France other than the mere holding of such Note:

Any reference in these Conditions to principal and/or interest shall be deemed to include any additional amounts which may be payable under this Condition 7.

8. Change of Control

If at any time while any Note remains outstanding there occurs a Change of Control, each Noteholder will have the option (the "**Put Option**") (unless, prior to the giving of the Put Event Notice (as defined below), the Issuer gives notice of its intention to redeem the Notes under Condition 5(b)) to require the Issuer to redeem or, at the Issuer's option, to procure the purchase of all or part of its Notes on the Optional Redemption Date (as defined below) at an amount equal to 100% of its principal amount together with (or, where purchased, together with an amount equal to) accrued interest thereon to, but excluding, the Optional Redemption Date.

A "**Change of Control**" in respect of the Issuer shall be deemed to have occurred if any person, or group of persons acting in concert within the meaning of Article L.233-10 of the French *Code de commerce*, other than the Founder Group, acquires more than 50% of the shares and voting rights of the Issuer.

"**Founder Group**" means Federactive and Venelle Investissement.

Immediately upon becoming aware that a Change of Control has occurred, the Issuer shall give notice (a "**Put Event Notice**") to the Noteholders in accordance with Condition 12 specifying the nature of the Change of Control and the procedure for exercising the Put Option contained in this Condition 8.

To exercise the Put Option a Noteholder must transfer (or cause to be transferred by its Account Holder) its Notes to be so redeemed or purchased to the account of the Put Agent (details of which are specified in the Put Event Notice) for the account of the Issuer within the period of 45 calendar days after the Put Event Notice is given (the "**Put Period**"), together with a duly signed and completed notice of exercise in the then current form obtainable from the specified office of any Paying Agent (a "**Put Option Notice**") and in which the holder may specify an account denominated in euro to which payment is to be made under this Condition 8. A Put Option Notice once given will be irrevocable.

The Issuer shall redeem or, at its option, procure the purchase of the Notes in respect of which the Put Option has been validly exercised as provided above, and subject to the transfer of such Notes to the account of the Put Agent for the account of the Issuer as described above, on the date which is the tenth Business Day following the end of the Put Period (the "**Optional Redemption Date**"). Payment in respect of any Note so transferred will be made in euro on the Optional Redemption Date to the account denominated in euro (or any other account to which euro may be credited or transferred) specified in the relevant Put Option Notice opened with a bank in a city in which banks use the TARGET System.

The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue with respect to the Notes.

(b) Representative

The office of Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representative:

One or more Noteholders, holding together at least one-thirtieth (1/30) of the outstanding principal amount of the Notes may address to the Issuer and the Representative a request for convocation of the general assembly; if such general assembly has not been convened within two months from such demand, such Noteholders may commission one of themselves to petition the competent court in Paris to appoint an agent (*mandataire*) who will call the meeting.

A general assembly may further deliberate on any proposal relating to the modification of the Conditions of the Notes including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that a general assembly may not increase amounts payable by Noteholders, nor establish any unequal treatment between the Noteholders, nor decide to convert the Notes into shares.

Meetings of a general assembly may deliberate validly on first convocation only if Noteholders present or represented hold at least one fifth (1/5) of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-thirds (2/3) majority of votes cast by the Noteholders attending such meeting or represented thereat.

FIRST-QUARTER 2017 SALES AND FINANCIAL DATA

A brisk first quarter

- **Sales: €1,527m, +37% as reported and +11.5% LFL***
- **Operating Result from Activity: €131m, +40% and +34% LFL***
- **Net financial debt: €1,902m, down €117m on December 31, 2016**

* Like-for-like: at constant exchange rates and scope of consolidation

GENERAL COMMENTS ON GROUP PERFORMANCE

In a global environment that continues to be marked by strong geopolitical tensions and economic uncertainties, Groupe SEB posted a brisk first quarter.

Sales came out at **€1,527 million, up 37%**, including **organic growth of €128 million, or 11.5%, a positive currency effect of €9 million and a scope and reclassification effect of €275 million**. This last item includes the sales over a three-month period of EMSA (integrated from July 1, 2016) and WMF, consolidated as of January 1, 2017, for the respective amounts of €24 million and €274 million. It also comprises a reclassification of €23 million of Supor's marketing spend to sales deductions, with no impact on the Operating Result from Activity.

Sales growth of 11.5% on a like-for-like basis was driven **by a vast majority of the large countries** – particularly China, the US, Turkey, Russia or Germany – and **by all product lines**. The vitality of our business activity is even more remarkable when put into perspective with the last three years of sustained or strong growth in the first quarter, with organic growth of 6.2% in 2014, 9.4% in 2015 and 5.1% in 2016.

Operating Result from Activity (ORfA) in the first quarter totaled €131 million, compared with €93 million at end-March 2016. The 40% rise is attributable primarily to sharp organic sales growth while the contribution of EMSA and WMF, amounting to €20 million, was reduced to €10 million due to first consolidation entries for WMF. Currency effects were marginal for the period.

Net financial debt stood at €1,902 million at March 31, 2017, down €117 million on end-2016.

WESTERN EUROPE

In a European market that remained buoyant overall, Group organic sales growth stood at 3.5% in the first quarter, following on from the positive trend in 2015 and 2016 despite the unfavorable effect of the non-repeat in early 2017 of major loyalty programs in 2016 (in France, Germany, Spain and Italy predominantly). However, performance differed from one country to the next.

In France, after 14 consecutive quarters of growth, Group sales in the first quarter were practically stable and grew excluding loyalty programs. Declining in cookware, turnover was on the contrary sharply up in small electrical appliances, fuelled by numerous growth drivers. These included vacuum cleaners, once again, notably with the promising launch of the Air Force 360 model, as well as the Cookeo multicooker, together with a nice recovery in linen care – in irons, steam generators and garment steamers alike – and a loyalty program in personal care.

In Germany, a market with strong momentum, the double-digit growth in sales was based largely on the continued development of vacuum cleaners and full-automatic espresso machines. We enjoyed a strong start to the year in the Netherlands thanks to cookware. Sales grew robustly in Spain driven in particular by excellent performances in vacuum cleaners and coffee makers. Business momentum was also brisk in Portugal. In the UK, despite the implementation of price increases, the Group returned to growth in the first quarter, fuelled by the boom in online sales, by a promotional campaign in cookware and a marked recovery in single-serve coffee making and ironing. Revenue in Italy decreased due to the non-repeat of special campaigns rolled out in early 2016 but core business was up thanks notably to the continued headway in vacuum cleaners. Looking beyond these organic growth factors, the first-quarter consolidation of EMSA is having a positive impact on sales in Europe, particularly in Germany.

OTHER EMEA COUNTRIES

In the other EMEA countries, the positive momentum of 2016 continued, boosted in numerous markets by increased investments in growth drivers, especially at points of sale, and by the ramp-up of e-commerce. The overall buoyant environment materialized in strongly growing markets in Central Europe and Russia. As such, organic growth reached nearly 8% reflecting solid and high-quality business activity in the Group's major markets, serving to reinforce our positions.

In Central Europe, demand remained high and we continued to develop at a swift pace, particularly in the Czech Republic, Romania and Bulgaria, achieving substantial gains in market share. Activity dropped in Poland due to heavy inventories in the trade. In Russia, organic revenue growth in the first quarter remained on the 2016 dynamic and was nurtured by strong advances in grills and barbecues, linen care and personal care, and by the promising relaunch of the floor care business (vacuum cleaners). In Turkey, the Group posted highly positive performances, particularly in vacuum cleaners and cookware, increasingly harnessing local and Egyptian production - stemming from its facility in Egypt - to strengthen its positions in the market. Business activity was vigorous in Egypt but more complicated in the Middle East and India, where for various reasons consumption is under pressure.

NORTH AMERICA

After a somewhat lackluster 2016, Group sales increased 20% in first-quarter 2017, galvanized in particular by a strong pick-up in activity in the United States. This rebound resulted primarily from the setting-up of a range of Krups-branded kitchen electrics (coffee makers, toasters, sandwich makers) in mass retail and e-commerce. It was also generated by double-digit growth for All-Clad and Imusa, while Rowenta sales in linen care increased slightly. However, T-fal sales of core-range cookware decreased amid a heightened competitive and promotional environment. The sharp first-quarter increase in Group sales in the United States should be put into perspective with the modest performance in 2016 and seen in the light of the still tense retail environment, notably with the inventory caps and major financial difficulties of certain retailers.

In Canada, after two difficult years in a sluggish environment, the Group returned to growth, buoyed by a strong recovery for Actifry, Optigrill and cookware and by extended linen care distribution. In Mexico, sales increased by nearly 10% in pesos, fuelled in particular by strong performances in cookware and blenders, the success of which led to stock-outs.

SOUTH AMERICA

Boosted by the appreciation of the Brazilian real and Colombian peso against the euro (versus first-quarter 2016), reported sales for the Group in South America grew by nearly 20%. But the reality in the field is reflected in the practical stability of sales on a like-for-like basis.

In Brazil, Group sales in real dipped slightly, with highly contrasted performances between product categories: double-digit growth was recorded for fans, which benefited from good weather conditions; semi-automatic washing machines continued to enjoy strong momentum, while Dolce Gusto sales recovered sharply. However, business was slow in the first quarter in food preparation and in ironing. The industrial reorganization continued to move ahead, and small electrical appliance production is developing gradually at the new site in Itatiaia in Rio de Janeiro State. The transfer of cookware manufacturing from São Bernardo to Itatiaia will begin this summer.

In Colombia, Group sales fell in the first quarter at constant exchange rates, impacted, as in late 2016, by highly unfavorable weather for fans. In contrast, cookware and blender sales, notably, rose strongly, despite the negative impact of the VAT hike introduced in February. In Argentina, as in 2016, business activity was very dynamic – in a political environment that remained unstable.

CHINA

As in 2016, Group business in China was excellent in first-quarter 2017. Supor once again largely outperformed the market with a sales increase of over 26%. In cookware, the major growth drivers were frying pans and saucapans, together with cookware sets and kitchen tools, with vacuum flasks and thermo mugs continuing to enjoy strong momentum. Strong impetus in small electrical appliances was mainly fuelled by the continued success of rice cookers, underpinned by the permanent development of new models,

as well as the ongoing headway in kettles and new and significant advances in high-speed blenders and slow cookers. Business was also brisk in non-kitchen electric appliances, particularly air purifiers and garment steamers. Paralleling the market, the Group's buoyant business in China continues to be driven largely by the continued boom in e- and m-commerce. Supor substantially increased its online market share by innovating, upgrading its product offering and rolling out numerous, highly visible digital campaigns.

It should be noted that, to better reflect the nature of certain expenditure and ensure complete accounting consistency amid Group entities, a change in the accounting presentation has been implemented. It consists in a reclassification of €23m of Supor's marketing spend to sales deductions, with no impact on the Operating Result from Activity.

OTHER ASIAN COUNTRIES

The region's 3.6% like-for-like decrease in sales in the first quarter reflects contrasted situations from one country to the next: business activity continued to grow in large mature markets, though failing to offset the often considerable downturns in smaller countries.

In Japan, first-quarter revenue rose 5% in yen, buoyed in particular by the Group's confirmed success in kettles, by the accelerated development of garment steamers and by the promising market launch of the Cook4me multicooker (the Japanese equivalent of Cookeo). The main contributors to this sales growth were the Group's 25 proprietary stores and e-commerce. In South Korea, organic sales growth was higher than that in Japan, driven by cookware, food preparation (particularly mini-blenders) and personal care. In addition, the Group continued to enjoy strong momentum in Australia.

However, after a positive end to 2016 in Thailand and Vietnam, first-quarter sales fell sharply in local currency, but with a more favorable outlook for the second quarter. The Group also posted a decline in turnover in Hong-Kong and Singapore resulting from the non-repeat of large loyalty programs.

WMF sales increased 7% in first-quarter 2017.

In the professional segment, sales growth was particularly vigorous (up 26%), fuelled by automatic coffee machines, the momentum of which is based on new contracts signed in 2016, notably with customers in Canada and Japan, as well as on core business activity, which continued to develop at a brisk pace, in Germany, Central Europe and Asia-Pacific alike. In hotel equipment, first-quarter sales were down.

The "Consumer" activity (small domestic equipment) continued to be impacted by the effects of the supply chain reorganization implemented in 2016, reflected in an 8% decrease in sales. Affecting cookware in Germany, this issue is presently under control, and its effects should progressively clear up. In contrast, business activity grew strongly in Asia-Pacific, driven by a cookware loyalty program in Taiwan. In small electrical appliances, sales rose sharply.

OPERATING RESULT FROM ACTIVITY

At end-March 2017, Operating Result from Activity (ORfA) totaled €131 million, compared with €93 million in first-quarter 2016. The 40% rise is attributable primarily to sharp organic sales growth while the contribution of EMSA and WMF, amounting to €20m, was reduced to €10m due to first consolidation entries for WMF. Currency effects were marginal for the period.

DEBT AT MARCH 31, 2017

At March 31, 2017, net financial debt stood at €1,902 million, down €117 million on end-December 2016. The improvement mainly stems from the good working capital trend.

OUTLOOK

In Groupe SEB's business, the first quarter is not representative of the full year and thus should not be extrapolated to the coming months. But the quality of the performances recorded at end-March bodes well for the future.

Consequently, at the end of the first quarter, Groupe SEB confirms its dual objective of further growth in sales and in Operating Result from Activity in 2017, in its 2016 scope as well as in its present configuration. The Group also confirms that the consolidation of WMF should be accretive by over 20% – before the impact of the purchase price allocation* – on earnings per share as of 2017.

* In particular the revaluation of inventories – which will exceptionally reduce by €14m the results reported in 2017 – and the possible amortization of intangible assets.

A On a like-for-like basis (LFL) – Organic

The amounts and growth rates at constant exchange rates and consolidation scope in a given year compared with the previous year are calculated:

- using the average exchange rates of the previous year for the period in consideration (year, half-year, quarter);
- on the basis of the scope of consolidation of the previous year.

This calculation is made primarily for sales and Operating Result from Activity.

Operating Result from Activity (ORfA)

Operating Result from Activity (ORfA) is Groupe SEB's main performance indicator. It corresponds to sales minus operating costs, i.e. the cost of sales, innovation expenditure (R&D, strategic marketing and design), advertising, operational marketing as well as commercial and administrative costs. ORfA does not include discretionary and non-discretionary profit-sharing or other non-recurring operating income and expense.

Adjusted EBITDA

Adjusted EBITDA is equal to Operating Result from Activity minus discretionary and non-discretionary profit-sharing, to which are added operating depreciation and amortization.

Net debt (or Net indebtedness)

This term refers to all recurring and non-recurring financial debt minus cash and cash equivalents as well as derivative instruments linked to Group financing having a maturity of under one year and easily disposed of. Net debt may also include short-term investments with no risk of a substantial change in value but with maturities of over three months.

Operating cash flow

Operating cash flow corresponds to the “net cash from operating activities / net cash used by operating activities” item in the consolidated cash flow table, restated from non-recurring transactions with an impact on the Group's net debt (for example, cash outflows related to restructuring) and after taking account of recurring investments (CAPEX).

TAXATION

The following is a general description of certain tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in France or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Prospectus and is subject to any change in law that may take effect after such date.

France

The following is a summary of certain French withholding tax considerations relating to the holding of the Notes by a beneficial holder of the Notes who does not concurrently hold shares of the Issuer. This summary is based on the tax laws and regulations of France, as currently in force and applied by the French tax authorities, all of which are subject to change or to different interpretation. This summary is for general information and does not purport to address all French tax considerations that may be relevant to specific holders in light of their particular situation. Persons considering the purchase of the Notes should consult their own tax advisers as to French tax considerations relating to the purchase, ownership and disposition of the Notes in light of their particular situation.

Withholding Tax

Payments of interest and other revenues made by the Issuer with respect to the Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a "**Non-Cooperative State**"). If such payments under the Notes are made in a Non-Cooperative State, a 75% withholding tax will be applicable by virtue of Article 125 A III of the French *Code général des impôts* (subject to certain exceptions and to the provisions of an applicable tax treaty).

Furthermore, in application of Article 238 A of the French *Code général des impôts*, interest and other revenues on such Notes will not be deductible from the Issuer's taxable income, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid in a bank account opened in a financial institution located in such a Non-Cooperative State (the "**Deductibility Exclusion**"). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* of the French *Code général des impôts*, at a rate of 30% or 75% (subject, if applicable, to the provisions of a tax treaty).

Notwithstanding the foregoing, neither the 75% withholding tax set out under Article 125 A III of the French *Code général des impôts*, the Deductibility Exclusion nor the withholding tax set out under Article 119 *bis* of the French *Code général des impôts* will apply in respect of the Notes, if the Issuer can prove that (i) the principal purpose and effect of the issue of the Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the "**Exception**") and (ii) in respect of the Deductibility Exclusion that the relevant interest or other assimilated revenues relates to genuine transactions and are not abnormal or exaggerated in amount. Pursuant to the *Bulletin Officiel des Finances Publiques-Impôts* BOI-INT-DG-20-50-20140211 no. 550 and no. 990, BOI-RPPM-RCM-30-10-20-40-20140211 no. 70 and no. 80 AND BOI-IR-DOMIC-10-20-20-60-20150320 no. 10, an issue of the Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of the Notes if the Notes are:

- (i) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or

by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or

- (ii) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Pursuant to Articles 125 A and 125 D of the French *Code général des impôts* and subject to certain exceptions, interest and other similar revenues received by individuals who are fiscally domiciled in France are subject to a 24% withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5% on interest and other similar revenues paid to individuals who are fiscally domiciled in France.

All prospective Noteholders should seek independent advice as to their tax positions.

SUBSCRIPTION AND SALE

Subscription Agreement

Pursuant to a subscription agreement dated 29 May 2017 entered into between Société Générale and Natixis (the "**Global Coordinators**"), BNP Paribas and Crédit Agricole Corporate and Investment Bank (together with the Global Coordinators, the "**Joint Lead Managers**") and the Issuer (the "**Subscription Agreement**"), the Joint Lead Managers have agreed with the Issuer, subject to satisfaction of certain conditions, to jointly and severally agree to procure subscription and payment for the Notes or, failing which, to subscribe and pay for the Notes at an issue price equal to 99.888 per cent. of their principal amount less the commissions agreed between the Issuer and the Joint Lead Managers. The Subscription Agreement entitles, in certain circumstances, the Joint Lead Managers to terminate it prior to payment being made to the Issuer.

Selling Restrictions

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), or with any securities regulatory authority of any state or other jurisdiction of the U.S., and may not be offered or sold, directly or indirectly, within the United States, or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act and in compliance with any applicable state securities laws. Terms used in this paragraph and not otherwise defined in the Prospectus have the meanings given to them by Regulation S under the Securities Act ("**Regulation S**").

Each Joint Lead Manager has agreed that it has not offered or sold, and will not offer or sell, the Notes (i) as part of their distribution at any time or (ii) otherwise until 40 calendar days after completion of the distribution of the Notes (the "**Distribution Compliance Period**"), within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each distributor or dealer to which it sells Notes during the Distribution Compliance Period a confirmation or other notice setting out the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

The Notes are being offered and sold only outside the United States to non-U.S. persons in offshore transactions in compliance with Regulation S and U.S. tax law.

In addition, until 40 calendar days after the commencement of the offering of the Notes, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

- (b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the Joint Lead Manager; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in paragraphs (a) to (c) above shall require the Issuer or any Joint Lead Managers to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of Notes to the public" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "**Prospectus Directive**" means Directive 2003/71/EC, as amended.

- (d) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000, as amended (the **FSMA**)) received by it in connection with the issue or sale of the Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (e) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

General

No action has been taken in any jurisdiction that would permit an offer to the public of any of the Notes. Neither the Issuer nor any of the Joint Lead Managers represents that Notes may at any time lawfully be resold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such resale.

Each Joint Lead Manager has agreed that it will (to the best of its knowledge and belief) comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes this Prospectus or any other offering material relating to the Notes and obtain any consent, approval or permission required for the purchase, offer or sale of the Notes under the laws and regulations in force in any jurisdiction in which it makes such purchase, offer or sale and none of the Issuer or any Joint Lead Manager shall have responsibility therefor.
